We are proud to announce that the Koelbel Building addition to the Leeds School of Business on the University of Colorado at Boulder campus, was recently awarded LEED-NC v2.1 **Gold** Certification by the USGBC. Shaffer • Baucom Engineering & Consulting (SBEC) was the Mechanical and Electrical Engineer of Record for this project, which also received the 2007 Gold Hard Hat Award. SBEC was selected by the University of Colorado at Boulder and Davis Partnership Architects in joint venture with ARC/Architectural Resources Cambridge to design the \$32,000,000 renovation and expansion of 165,000 GSF.
