FOR IMMEDIATE RELEASE
July 21, 2009

SHAFFER • BAUCOM ENGINEERING & CONSULTING EXPANDS TEAM

Lakewood, CO – Shaffer • Baucom Engineering & Consulting, a full-service Mechanical and Electrical Engineering Design Firm, announced the expansion of their team with the hiring of Mr. Zac Wurth, Mechanical Engineer, and Mr. Shane Copsey, Mechanical Designer.

Mr. Wurth, Mechanical Engineer, is a recent graduate of the University of Nebraska where he received his Bachelor of Science in Engineering, Specialty Mechanical degree. Mr. Wurth has more than three years of experience working in the engineering industry. His experience consists of field engineering, field operations management, field surveying and civil engineering. Mr. Wurth has supervision and operational planning experience, coupled with subcontract administration and material procurement. In addition, Mr. Wurth has experience utilizing Computational Fluid Dynamics (CFD) air flow modeling to analyze air flow behavior in complex settings prior to construction.

Mr. Copsey, Mechanical Designer, has more than five years of experience in the consulting engineering industry. His has been involved in the design of higher education facilities, K-12 facilities, commercial facilities and government facilities, with expertise in the design of duct layouts and overall HVAC and plumbing systems design. In addition, Mr. Copsey has extensive Revit® MEP project document production experience, as well as experience performing energy efficiency modeling, building load calculations and static pressure calculations.

Shaffer • Baucom Engineering & Consulting is a full-service Mechanical and Electrical Engineering Design Firm specializing in LEED® compliant design and documentation, sustainable design, healthcare facilities, research laboratories, higher education facilities, K-12 facilities, bio-hazardous facilities, central utility plants, pharmaceutical production plants, clean rooms, commercial and medical office buildings, master planning, systems analysis and forensics.
