FOR IMMEDIATE RELEASE
August 26, 2008

SHAFFER • BAUCOM ENGINEERING & CONSULTING ADDS SENIOR STAFF

Lakewood, CO – Shaffer • Baucom Engineering & Consulting, a full-service Mechanical and Electrical Engineering Design Firm, announced the expansion of their team with the hiring of Mr. DJ Starks, Senior Construction Administrator; Mr. Scott Hodgson, Mechanical Engineer; Mr. David Baptiste, Senior Mechanical Designer; and Mr. Stephen Geer, Mechanical Engineer.

Mr. Starks, Senior Construction Administrator, has more than 27 years experience in the electrical design and construction industry. He has served as a Journeyman, Foreman, General Foreman, Project Engineer and Superintendent for a variety of clients including, Invesco Field, Rocky Flats, Denver International Airport, Coors Cullet Plant, and DHHA. Mr. Starks' experience in the many different facets of electrical design and construction industry has provided him with the knowledge needed to proactively oversee the design and construction process so that project delays and critical costs can be avoided.

Mr. Scott Hodgson, P.E., Mechanical Engineer, has more than five years of mechanical engineering experience. His experience includes aerospace and industrial facilities, laboratories and research facilities. Mr. Hodgson has extensive experience conducting engineering estimates, preparing plans and specifications, and construction administration. In addition to his engineering experience, Mr. Hodgson received his Master of Business Administration from Weber State University in 2007.

Mr. Baptiste, Senior Mechanical Designer, has more than ten years of experience in the consulting engineering industry. His has been involved in the design of healthcare facilities, higher education facilities, pharmaceutical facilities, commercial facilities and industrial facilities. In addition, Mr. Baptiste has extensive field mechanics and field management experience including pipe fitting and HVAC installation. Mr. Baptiste is also actively pursuing his Bachelor of Science in Engineering, Specialty Mechanical degree.
